

PACKAGED INCLUSION INFORMATION

CO-ORDINATING INSTALLATION

Once you have settled the purchase of your Lot and as your building construction process occurs, either you or your builder will need to liaise with the following business representatives to help ensure co-ordination of the relevant packaged inclusions you may have.

Advance notice (45 days) should be provided to the relevant contacts below to enable them to progress the necessary approvals with Rosehill Waters management staff to enable the contractor to complete your works in a timely manner. It is the lot owners responsibility to ensure they have power, water, conduits, clearing, soil removal and any necessary services available to ensure easy testing and commissioning of works when contractors installations take place.

If your house is complete and the builder has handed over please ensure your water & power accounts are fully paid as any costs associated with rescheduling of works and delay costs for Rosehill Waters contractors will be passed on to the lot owner, prior to returning to undertake or complete works.

Should you have any difficulties, then please email admin@rosehillwaters.com.au but please ensure you contact the business representative in the first instance.

The relevant business contacts are as follows;

Front Landscaping & Irrigation	LD Total	Moali Pill	MoaliP@LDtotal.com.au
Boundary Fencing	Jim Fencing	Michael Clark	Michael.clark@jimsfencing.com.au
Solar Package	Green Logic	Greg Spinks	greg@greenlogic.net.au
Garden Maintenance	Jims Mowing	Abbie Chen	Abbie.chen@jimsmowing.net
